

Casambi Compatible Wireless PIR 2-Button Dimmer Wall Switch

AL-60-04-0006

The Casambi compatible wireless switches provide automatic lighting control for a variety of indoor applications. They can replace any standard single-pole wall switch. Alloy LED offers wall switches for any application you may need.

This Wireless PIR 2-Button Dimmer switch automatically turns the lights on when you enter a room and off when you leave. The 2-buttons can be used for on/off and dimming controls. The configurations of each button can also be personalized. PIR detection is best suited for areas with clear line of sight and good air circulation.

- PIR Sensor
- Casambi Bluetooth Mesh
- Manual on/off (wireless)
- Dim up/down (wireless)
- LED status indicator light
- Mounts in any standard wall box

For wiring, see specification sheet of desired Casambi module.
