

Casambi Compatible Wireless Single Rocker Batteryless Wall Switch

AL-60-04-0004

The Casambi compatible wireless switches provide automatic lighting control for a variety of indoor applications. Alloy LED offers wall switches for multiple application needs.

This self-powered single rocker wall switch comes with a micro-generator-powered Bluetooth BLE Transmitter that sends a wireless signal, eliminating the need for wires or batteries. They can be surface- or flush-mounted and offers manual on/off and app-controlled dimming.
