# Nicolaudie STICK-CW4 DMX Color Controller
AL-60-01-0010

The STICK-CW4 programmable lighting controller, for RGB and RGBW lighting, has been designed around a touch-sensitive color wheel.

The controller is USB or Wi-Fi programmable from a PC or Mac using the ESA2 or ESA Pro 2 software. It is also possible to program it over Wi-Fi using the on-site programming app, Arcolis.

Up to 36 scenes can be stored within the controller and directly recalled via six touch-sensitive scene buttons. A button located in the center of the color wheel can be used to jump between scenes or reset a color change.
