

Good, Better, BEST.

SUSPAN 1 GEN 2

Suspan 1 Gen 2 just went from *good* to the **best**.

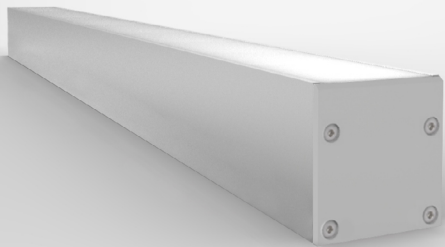

Suspan 1 Gen 2 is designed for creating clean, finished suspended fixtures for primary overhead lighting for every application!

Good, Better, BEST Choices

Suspan 1 Gen 2 Pendant Light

The **Suspan 1 Gen 2 Pendant Light** is our brightest fixture yet! We will provide you with the complete UL-Listed fixture powered by our exclusive light engine specifically designed for Suspan 1 Gen 2 ready for a hassle-free installation!

Suspan 1 Gen 2 Channels

Boasting seamless construction, **Suspan 1 Gen 2 channels** offer high-quality aluminum and precision-cut end caps that ensures no light escapes unintended spaces. Offered in our 4 ft. and 7 ft. standard lengths, please contact solutions@alloyled.com to request longer lengths.

Build a Custom Fixture!

Suspan 1 Gen 2 channels can be paired with most of Alloy LED's offered tape lights to create complete UL-Listed fixtures. Check out our [Compatibility Chart](#) to learn more!

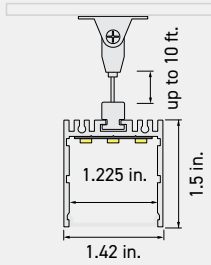

Add a canopy kit!

Want to eliminate a bulky power cord to seamlessly integrate Suspan 1 Gen 2 into your space? You now can with the cleverly designed **canopy kit** that powers the lightweight UL-Listed fixture through a suspension cable.
